

Underwings Cybersecurity Solutions

Founding Client Programme

Underwings Cybersecurity Solutions

Abu Dhabi, UAE · Penetration testing · GRC & compliance · Network security

Cybersecurity delivered by **named senior practitioners** — never anonymous juniors. Transparent AED pricing. UAE-focused.

Who does your work

The person with the certification is the person on your engagement. No bait-and-switch to a junior.

	Practitioner	Credentials	Focus
GRC & Compliance	Manoj Prabhakaran	ISO 27001 Lead Auditor · CPTS · Azure Security	ISO 27001, ADHICS, NESA, UAE PDPL
Offensive Security	Nelson Durairaj	OSCP · CEH	Penetration testing, VAPT, phishing simulation
Network & Infrastructure	Vinoth Samiyappa	CCNP · Fortinet NSE · Azure	Firewall hardening, segmentation, Zero Trust

What we do — and what it costs

We publish indicative pricing because you deserve to know before you call. Every engagement is scoped and fixed-priced in writing within 48 hours.

Service	From (AED)
Web application penetration test	9,000
External / internal network penetration test	15,000
Mobile application penetration test	14,000
ISO 27001:2022 implementation	36,000
ADHICS v2 readiness assessment	22,000
UAE PDPL implementation	22,000
PTaaS — continuous penetration testing	6,000 / month
Continuous Compliance subscription	4,000 / month

Indicative ranges. Final price fixed in a written quote after a short scoping call. Excludes VAT.

The Founding Client Programme

We are taking on a **limited number of founding clients** while we build our public track record. If you are one of them, you get our best work at our best price — and we both win.

You receive:

- **15-30% off** the standard engagement price.
- The named senior practitioner on your work, personally.
- **Low-risk terms:** you see our first deliverable before the major payment is due — or we begin with a small paid gap assessment so you can judge our work before committing to the full engagement. You carry almost no risk in trying us.

In return, once we've delivered excellent work, we ask for a short case study, a reference call, and a brief testimonial. (Anonymised if you prefer — “a UAE healthcare provider” works perfectly.)

The discount scales with what you're comfortable sharing back — from 15% for an anonymised write-up to 30% for a named case study with a reference.

Why now — especially for healthcare

If you are a **DoH-licensed healthcare entity in Abu Dhabi**, ADHICS v2 compliance is **mandatory**, not optional, and the deadlines are real. Starting early is the difference between a calm, staged programme and a last-minute scramble. We specialise in exactly this.

For everyone else: a clean pen-test report or an ISO certificate increasingly decides whether you win the enterprise deal, pass the audit, or satisfy the investor. We help you get there with senior people and no surprises.

Next step

A **free 30-minute scoping call** — no obligation, no sales pressure. You'll leave it with a clear sense of scope, and a fixed written quote within 48 hours.
